Arrangements to review instructional materials shall be done through the school principal. Instructional materials may not be removed from the school campus. After review, in the event you object to the content, please contact the principal to make reasonable arrangements for alternative instruction.

Alternative instruction may be provided by the parent, guardian, or adult student if the alternative instruction, if any, offered by the school board does not meet the concerns of the parent, guardian, or adult student. The district is not required to pay for the costs of alternative instruction provided by a parent, guardian, or adult student. School personnel may not impose an academic or other penalty upon a student merely for arranging alternative instruction under this section. In the event the content is included in a course in which the student will receive credit for graduation, school personnel may evaluate and assess the quality of the student's work.
