REPORT

South Washington County Schools Administrators commenced with a Long- Range Facility Planning process to study and address space and physical plant needs. The School Board approved the guiding change document for this process at its June 20, 2019 meeting.

Both a LRFP Steering Committee and a LRFP Task Force have been established, and both committees will have met many times. Since the COVID-19 crisis, meetings and planning have slowed.

An update on the progress of LRFP process will be presented to the Board.
