REPORT

Peter Leatherman from The Morris Leatherman Company will be present to share the results of the district's 2017 Residential Survey. The intent of the survey is to understand the public's perception of the work we do as a district, as well as the efforts of the School Board and staff on behalf of the students we serve. Also included in the survey were questions regarding the potential upcoming levy and bond election. A number of questions have remained consistent over time and will allow us to see trends through surveys conducted in 2011, 2013, 2015 and now in 2017.

We look forward to hearing about our community's overall impression of our efforts and their input on the potential levy and bond questions. The information will be helpful to the Board in making the final determination on the general levy and bond amounts we may bring to the voters in November.
