REPORT

At the October 5th board meeting we will present a video montage with staff commentaries of the completed renovation projects at Valley Crossing Elementary School, Cottage Grove Middle School and Lake Middle School compiled by Cassandra Knutson, Video Specialist, from our Communications Department. We will also highlight the ongoing construction of additions at Lake, Cottage Grove and Woodbury Middle Schools.

Following those construction updates, Architect Paul Youngquist from ARY Architects will walk the board through the proposed renovation and redesign of the existing Oltman Middle School to Nuevas Fronteras Elementary School. Attached to this report is the power point showing the multi-step process associated with making the school functional for the 2018-19 school year while completing the demolition of the oldest portion of the school and construction of new areas for 2019-20 and succeeding years of operation.
