REPORT

According to Minnesota statutes, School Districts must hold a public (previously known as "Truth in Taxation") hearing to present information related to the taxes payable in 2018 and allow for public input.

Washington County mailed proposed property tax statements in November to district residents that reflect the proposed levy that was approved by the School Board on September 21, 2017.

The Minnesota Department of Education (MDE) is responsible for calculating and releasing the South Washington County Schools levy report. District staff continues to work with the district's financial consultants on the presentation, verifying the calculation of the final levy and the final estimated tax impact on district residents.

We anticipate having the presentation available on Monday or Tuesday of next week and will make it available as soon as possible.
